An independent voice for better government in the New Orleans area

Since 1932, the Bureau of Governmental Research has monitored local government and provided objective, nonpartisan public policy research to citizens and policymakers. We have uncovered the facts, framed issues, and recommended solutions. BGR research has helped lay the groundwork for a wide range of reforms to improve government in our region.

To stay independent, we rely on financial support from residents, businesses, and foundations. We encourage you to join them. **If you believe in a brighter future for our city and region, become a BGR member** and help us continue to provide the high-quality, independent research we need to make informed policy decisions and use public resources effectively.

The Bureau of Governmental Research (BGR) is a private 501(c)(3) nonprofit organization, and your membership contribution is tax-deductible to the extent provided by law.
